- **YEAR 12 MYATAR WEBSITE**

MyATAR allows students to select an ATAR score and then quickly locate the courses available and the Universities offering them. They just enter the ATAR then click on the degree area they are interested in and the list comes up. If you then click each heading—it filters them for you. This will provide extra assistance for their Year 12s making decisions and application for their UAC preferences prior to the on-time deadline of 30 September. **Basair - An invitation to our Aviation Open Day**

Learn about careers as:
- COMMERCIAL PILOT, and
- REMOTE PILOT (Drones / UAV.)

Basair Aviation College and Sydney Aviators are holding an Open Day on Sunday, 20th September 2015 from 8:30am to 4.30pm and would like to invite you to join us. There are many reasons why a career in aviation can be an excellent choice for students: it’s a rapidly growing industry, Vet Fee Help is available, and studying at Basair Aviation College or Sydney Aviators increases their chance of a successful career. Basair Aviation College specialises in training students who want a career in aviation.

We have trained hundreds of accomplished pilots, who are now enjoying successful and rewarding careers in organisations such as QANTAS, Singapore Airlines, Virgin, British Airways, Qatar Airlines, Emirates, Etihad Airlines, Cathay Pacific, Air Asia, Air Arabia, Regional Express (REX), Gulf Air, Jet Star, Indigo, Jet Airways, Hong Kong Airlines and many more.

We are also the FIRST organisation in Australia to be approved by both CASA (the federal regulator of Aviation) and the Department of Education to train students to operate Drones (Remote aircraft, Unmanned aircraft etc.) This will be a chance for prospective students (and their families) to come and visit us here in Bankstown Airport and get a feel of what it would be like to study as a Pilot.

Students will have the opportunity to meet our friendly and professional staff and instructors and gain first-hand information on what it takes to become a Pilot and how to enrol into a course to kick start your career in aviation. For more information [www.basair.com.au](http://www.basair.com.au)
