➢ ENGINEERING CADETSHIPS

The Technology Revolution is here

Are you a creative thinker who likes problem solving and communication?

Can you demonstrate:
• Consistent academic effort and achievement at school
• Transferable skills relevant to engineering and technology
• Evidence of leadership potential
• Team involvement at school &/or in the community
• Work experience (paid or unpaid)
• Personal motivation

If you can, then apply for a cadetship under the Engineering & Technology Cadetships (ETCAD) Program.

Applications are made to Professional Cadetships Australia, an Australian company that specialises in placing year 12 students with leading companies. For students who are in Year 12 in 2016, there are again opportunities for cadet placement at Westpac. The bank has an established cadetship program.

Technology Cadets combines work at the Westpac Group in Sydney with university study in computer science, information technology or information systems. Alternatively, cadets may undertake a commerce or arts degree and select information systems as one of their majors.

This year Engineering Cadetships will not be offered through the ETCD Program.

Join it now

Apply for a cadetship under the Engineering & Technology Cadetships Program
Study at university while you undertake paid work at a leading company
TECHNOLOGY CADETSHIP AT WESTPAC

Technology Cadets are well positioned to pursue a career in ICT and in business

Technology is everywhere and it is changing every day. Are you the type of person who wants to keep up and keep innovating? Our Technology team is the bedrock of Westpac Group, enabling it to continue delighting customers through our innovative thinking and creative solutions which will take you to the forefront of emerging technologies with limitless opportunities.

We believe in building career pathways for our talented Technology Cadets to become our future leaders. Help us align our IT strategy and the way we architect, develop, source and manage our technology assets with Westpac Group’s customer-centric business strategy.

www.etcad.com.au

PROFESSIONAL CADETSHIPS AUSTRALIA: TECHNOLOGY CADETS

Cadets will work at the Westpac Group in Sydney while studying at university in computer science, information technology or information systems. Applications are now open and close 17th June 2016.
